

To Whom it May Concern:

I have had the pleasure over the last couple of years to have Summit Restoration as one of our remediation subcontractors. Summit is one of the most professional subcontractors I have worked with in the last 10 years of construction.

As a Warranty Director I need a company to provide the ultimate customer service to my homeowners and Summit always delivered. Not only do they have the most up to date equipment, they are the most experienced technicians in the Valley with the right price for a job done correctly. I always have piece of mind that my homeowners are well taken care of when Summit is on the job.

I would recommend Summit to my family and friends.
