

To Whom It May Concern,

I had a horrible mold problem in my home. I did my research and found Summit Restoration. In further investigating the company I discovered they were the most qualified and certified company in Nevada. I also contacted other members of the field to find out they all highly recommended Summit Restoration. When I scheduled an appointment for them to take a look at my house, I was immediately confident in their abilities. The deadline I gave them was successfully met by the company. I was more than pleased with their services and communications before, during and after the job was complete. Because of them, I was able to bring my family back home. I can't thank them enough for the job well done!

I would happily recommend Summit Restoration to anyone baby!

Thank you again!

A handwritten signature in black ink, appearing to read "Scotty & Julie Nguyen". The signature is written in a cursive, flowing style with a long horizontal line underneath.

Scotty & Julie Nguyen
