

Clark County Fire Department Certificate of Appreciation

Presented To

Summit Restoration

May 2020

I extend to you my personal thanks and the sincere appreciation of the Clark County Fire Department to William Dellaechaie, owner of Summit Restoration, and its employees for their contributions to the safety and wellbeing of our suppression personnel during the COVID-19 crisis. By sharing your company's resources to disinfect the department's response units, our personnel were provided a sense of safety we otherwise would not have been able to provide. We are honored to serve a community made up of individuals and businesses such as those at Summit Restoration.

John Steinbeck, Fire Chief
