RE: Summit Restoration

To Whom It May Concern:

I have been using Summit Restoration for over 10 plus years. The company's service had always been prompt, professional and communicative. We were kept informed throughout every step of the process. In addition, typically the work was done correctly the first time limiting our exposure to additional charges and potential legal issues.

They use state of the art tools and look and dress professionally. They were also very flexible working with the homeowners' schedules. I would expect that the job at hand they are given will be completed with the upmost professionalism.

If you have any questions, please feel free to call me.

Thank you,

Larry Warning
